To Whom It May Concern :

My name is Quinn Lipin, and I am writing you to potion under 37CFR 1.181 to withdraw the holding of Abandonment. I would like to start by explaining what happened over the past couple years.

I submitted my application on February 9th, 2001. A few weeks later I had a change in address and sent in a letter to your office. Linda Hallman then contacted me in November of 2001. She stated that the Patent and Trademark office had mailed me a letter requesting missing parts. I explained that I had never received this letter and we both agreed it must have been mailed to the incorrect address. She then requested I send in a letter explaining this mistake, and include the information requested by the Patent and Trademark office. I contacted her after receiving the corrected information on November 22nd of 2001 and she stated that my application would move forward. Then on December 24th, 2002 I received a Notice of Abandonment from your office, due to an untimely receipt of the requested information. I then contacted your office of patents and spoke to your attorney, who said he questioned weather the notice to file missing parts had ever been mailed out at all.

I would like to express to you the time and money I have invested in this Patent Application and my desire to comply with the Patent and Trademark Office. Please take consideration in reviewing my case and helping me move forward.

Sincerely,

Quinn Lipin
